# More Than a Café

cat about town
FELINE SOCIAL HOUSE & CAFFÉ

Cats of Davidson began the way many meaningful things do—quietly and without a formal plan. We began noticing a growing population of feral cats in our town. What started as an effort to trap, spay, and vaccinate quickly revealed something much bigger. Kittens were being born faster than anyone could help them. Many would not survive without intervention.

So we started saying yes.

Yes to late-night trapping. Yes to fostering. Yes to emergency vet visits, bottle babies, and the long, hopeful work of finding homes for cats who had never known safety. What began as a grassroots effort grew into a network of volunteers, donors, veterinarians, and neighbors who believed every life mattered.

Along the way, we witnessed something powerful: when people are given the opportunity to help, they do. This community stepped forward again and again. But we also saw the limits of rescue without a permanent place to gather, educate, and create sustainable change.

Cat About Town is the next chapter in that story. It is a space designed to bring people together, to turn compassion into action, and to build a lasting future where rescue is not reactive, but sustainable.

This is not just a café. It is a community built on the belief that small acts of kindness, multiplied over time, can change lives.

# Why We Need You

**Cat About Town is designed to transform how our community supports rescue.**

We have secured a historic property in Cornelius, North Carolina that will be a welcoming, beautiful space where people can gather, connect, and meet adoptable cats in a calm environment proven to increase successful adoptions.

Before we can open, the property must undergo renovation and specialized upfitting to meet North Carolina cat café regulations. These improvements include advanced ventilation, safety upgrades, accessibility improvements, and dedicated care spaces for vulnerable cats.

Completing this work will allow us to open our doors and begin expanding our impact.

**But this is more than a café. It is a sustainable hub for:**

- Adoption and foster support
- Neonatal kitten care
- Trap–Neuter–Return programs
- Community education and engagement
- A long-term, financially sustainable model

# Shaping the Future of Cat Rescue

In addition to the suggested giving levels, we have several special named opportunities available. These are meant to be legacy spaces — a way to honor a beloved pet or family member in a really meaningful, lasting way. Donors receive:

- Naming rights to their chosen space
- Permanent recognition inside the café
- An invitation to our private soft opening
- Lifetime VIP café access

**The Itty Bitty Kitty Nursery** (where we'll care for neonatal kittens in incubators and guests can quietly watch and learn).

**The Catnap Library** (A relaxed cat living space where adoptable cats stretch out, nap, and welcome guests while they wait for their forever homes.)

**The Whisker Lounge** (A bright, window-filled cat living space where adoptable cats spend their days lounging in sunbeams and greeting visitors.)

**The Founders Hall** (A central passage connecting both sides of the historic home, Founders Hall honors the generous supporters who helped bring Cat About Town to life. )
